Minutes of the 2022 EFA General Assembly
Barcelona | August 26, 2022
DRAFT VERSION 07/09/2022

The **2022 EFA General Assembly** (GA) of the **European Finance Association** (EFA) was held on Friday, August 26th at 16:00 CEST, at IESE Business School in Barcelona, Spain.

The GA meeting was chaired by EFA President Elena Carletti. An invitation to the 2022 EFA GA had been duly circulated via e-mail to current EFA members and advertised on the website 30 days prior to the event. Access to the meeting was restricted to current EFA members who had registered to attend the Annual Meeting and 172 EFA members were present, including several key members of the Executive Committee: EFA Chairman Arnoud Boot, EFA Vice-President Xavier Vives, Past President Matti Keloharju, Review of Finance (RF) Managing Editor Elect Marcin Kacperczyk, Review of Finance (RF) Managing Editor Alex Edmans and Director Lubos Pastor among others. The first order of business was to approve the GA Agenda (which had been circulated with the e-mail invitation – along with hyperlinks to the Minutes of the last meeting). As per the EFA Statutes, the EFA GA is a yearly business meeting that serves as a forum for the EFA President to communicate news to EFA members and to formally ratify decisions made on the behalf of the EFA membership at large by the governing EFA Chairman and Executive Committee.
[NOTE: The slides prepared for the 2022 EFA GA are annexed to these Minutes.]

President Carletti warmly congratulated Vice-President Vives for preparing an excellent program for the EFA 2022 Annual Meeting. She then reviewed the GA Agenda [Slide 3], remarking that the decisions to be ratified by EFA members at this GA would not take very long.

6. EFA'S JOURNAL: REVIEW OF FINANCE (RF) – MANAGING EDITOR'S REPORT

The President invited Alex Edmans, Managing Editor of the Review of Finance (RF), to brief the GA on EFA's journal.

The Editor was pleased to report that in his final year as Managing Editor, the official 2-year impact factor for 2020-2021 (as published by Clarivate on the Journal Citation Reports) has increased to 5.059 (4.971 excluding self-citations). This compares to 3.894 in 2020-19, 2.885 in 2019-20 and 1.906 in 2018-19, indicating strong forward momentum.

During the latest statistical period 2021-22, there were a total of 1,012 submissions, up from 978 last year. This year-on-year increase has been a consistent trend since a fall in 2017-9 following the introduction of strict top-three standards, a stringent desk-rejection policy and an increase in submission fees. The continued increase is likely due to the improvement in the journal's reputation. Despite the increasing number of submissions, the quality of papers submitted has remained at a high standard. This is shown by the acceptance rate, which has increased significantly to 7.88% this year, from 4.66% last year The editorial team has continued to work hard to reduce turnaround times this year. Due to these efforts, and the hard work of our referees, the mean turnaround time fell slightly from 44 to 43 days, and the median from 32 to 30.

In February 2021, the RF introduced an accelerated review process (ARP), designed to streamline the review process for papers that have received an R&R at another journal. This process can be used by authors for submissions where one of the following two conditions applies:

1. A paper receives an R&R at another journal. The authors resubmit the paper but are rejected at a later round due to the "union heuristic" (e.g. one referee signs off but another does not, or there is a single referee who recommends rejection because the authors did not respond to every comment). Or, the paper may be rejected due to reasons unrelated to the "union

heuristic" (e.g. a referee bringing up new concerns at the second round, which should have been raised at the first round).

2. A paper receives an R&R at another journal. However, the referees request substantial revisions that the authors feel would worsen the paper or have little benefit. The "union heuristic" is explicitly applied, or nothing is said which implicitly means they have to address all comments.

Since failing to cite relevant work is seriously damaging to the scientific research process, the RF has also introduced a new policy that imposes a 2-year ban on offending authors in clear-cut cases.

The Editor and the RF Office are grateful to the Editorial Board and team for helping to run and especially improve the quality of the journal, the referees and subject specialists for their constant high standard of reviews and revisions, and particularly to the authors who submit excellent work to the RF for publication. very grateful to the Editorial Board and Editorial Team for helping to run the journal. The Editor confirmed that the transition to the new Editor is going smoothly and that Marcin Kacperczyk will be the new Managing Editor of the RF from January 1, 2023.

The EFA President thanked Alex Edmans for his dedication as RF Managing Editor.

CLOSING REMARKS AND NEXT MEETING

She reiterated many thanks to Vice-President and Program Chair Xavier Vives and the EFA 2022 team at IESE Business School along with Conference Manager Laura Malinverno for organizing a memorable 49th EFA Annual Meeting in Barcelona. The next EFA General Assembly will be held in Amsterdam, Netherlands – most likely on Friday, August 18, 2023.
